*A target move-in schedule has been adopted for the installation of exhibits, based upon an exhibitor’s booth size and location. Exhibitors must adhere to their assigned target date and time for delivery of direct shipments to The Moscone Convention Center. This schedule will be detailed in the Exhibitor Service Manual.*
1. Eligibility to Exhibit
Exhibits are a vital extension of the educational program at the AAOS 2024 Annual Meeting. To exhibit, products and services must be related to the practice of orthopaedics. Only those companies that have successfully completed the AAOS Company Review Process are eligible to exhibit, or as otherwise specifically approved by AAOS. AAOS reserves the right to refuse space to any company who has failed to fulfill its financial obligations to AAOS, and/or whose products or services, in the judgment of AAOS, do not meet the educational, scientific or practice needs of our Fellows and members.

2. Exhibit Space Selection
Applications for exhibit space must be submitted online. During the application process exhibitors should submit six preferred booth locations - keeping in mind their earned priority points. A priority point overview can be found on page 4.

3. Exhibit Space Assignment for Applications Received by June 29, 2023
a. By June 29, 2023, submit an Exhibit Space Application and 50% deposit. Applications received without the deposit will not be assigned or reserved space until the deposit is received.

b. Exhibit space will be assigned under the priority point system. All eligible companies will receive an email with that company’s number of priority points and their unique link to the online Exhibit Space Application.

c. For companies with the same number of priority points, the assignment order will be based on the date of receipt of the 50% deposit and application by AAOS.

3. Exhibit Space Assignment for Applications Received by June 29, 2023
a. By June 29, 2023, submit an Exhibit Space Application and 50% deposit. Applications received without the deposit will not be assigned or reserved space until the deposit is received.

b. Exhibit space will be assigned under the priority point system. All eligible companies will receive an email with that company’s number of priority points and their unique link to the online Exhibit Space Application.

c. For companies with the same number of priority points, the assignment order will be based on the date of receipt of the 50% deposit and application by AAOS.

d. During the application process, exhibitors should select six preferred booth locations. At the time of booth assignment, if an exhibitor’s six preferred booth locations are not available, the best available exhibit space that is most similar to the provided preferences will be assigned. In this situation, the exhibitor agrees to accept the assigned booth(s). It is not possible to contact each company for new selections of booth locations during the space assignment process.

e. A limited amount of exhibit space is set aside for first-time exhibitors. If a first-time exhibitor does not wish to be placed in this area, note this request in the comment section on the Exhibit Space Application. First-time exhibitors are assigned exhibit space after all applications from companies with priority points are assigned. Assignment order among first-time exhibitors is based on the date of receipt of the 50% deposit and application by AAOS.

f. AAOS intends to email initial space assignment confirmations on August 22, 2023.

g. AAOS reserves the right, in its sole discretion, to allocate space on any other basis it deems appropriate.

All island booth applications 400 sq. ft. or larger:
a. Exhibit space will be finalized in real-time via the live booth assignment process.

b. An appointment date and time will be emailed to exhibitors on July 13, 2023, with detailed instructions on the process. Appointment times are determined by the priority point system.

c. Appointments cannot be changed or rescheduled, and no exceptions will be made. If an exhibitor is not able to make the assigned appointment, exhibit space will be assigned from the six preferred booth locations submitted on their application. If those six locations are not available, the best available exhibit space that is most similar to the provided preferences will be assigned. In this situation, the exhibitor agrees to accept the assigned exhibit space.

RULES AND REGULATIONS
All exhibitors, their agents, and employees, are subject to all terms and conditions of the agreement between the American Academy of Orthopaedic Surgeons (AAOS), American Association of Orthopaedic Surgeons and the Moscone Center regarding the use and occupancy of the exhibition halls and to all reasonable rules, regulations and policies prescribed by AAOS or the Moscone Center. In addition, the exhibitor shall comply with all applicable federal, state, and local statutes, ordinances, rules and regulations. The rules and regulations are part of the application for exhibit space, and consequently constitute part of the agreement between the exhibitor and AAOS. AAOS reserves the right to interpret and make final decisions regarding all rules and regulations.

- Shifted Exhibit and Meeting Dates .................Page 1
- Reduction of Assigned Exhibit Space .............Page 6
- Height Limits.................................................Page 17
- Facility Fire/Safety Guidelines......................Page 18
d. Island exhibit space assignments will be finalized July 25 - August 11, 2023.

NOTE: Several anchor exhibitors are pre-assigned in priority point order on the initial floor plan. Providing the location of these large exhibitors assists other companies by identifying booth spaces that are not available and aids in selecting six available booth choices.

4. Exhibit Space Assignment for Applications Received After June 29, 2023

After June 29, 2023, applications received will be assigned exhibit space on a first-come, first-served basis from the remaining available booths after initial exhibit space assignments. All applications must be accompanied by the 50% deposit. Applications received without the deposit will not be assigned or reserved exhibit space until the deposit is received. Applications received after October 19, 2023, must be accompanied by full payment of the exhibit space fee.

Wait-List: In the event exhibit space for the Annual Meeting is sold out, companies will automatically be placed on a waiting list. As exhibit space becomes available, companies will be notified of space availability. If exhibit space is not assigned, AAOS will issue a full refund of any exhibit space fees paid. AAOS reserves the right, in its sole discretion, to allocate exhibit space on any other basis it deems appropriate.

5. Priority Points

AAOS has established a priority point system for exhibit space assignment. This priority point system recognizes a company’s support of AAOS and rewards exhibitors for upholding Annual Meeting rules and regulations during their previous year’s participation. The order of booth selection is determined by each exhibitor’s cumulative number of priority points.

Priority points can be earned for AAOS 2025 Annual Meeting exhibit space assignment in the following ways:

**Permanent Priority Points:**
- Two (2) priority points are earned for each year of participation as an exhibitor at an AAOS Annual Meeting. These points are permanent and will accumulate from year to year.

**Expanding Priority Points:**
- One (1) priority point is earned for each $1,000 spent in support of the AAOS 2024 Annual Meeting. This includes booth fees, exhibitor suites, surgeon engagement opportunities, and promotional and advertising opportunities secured through AAOS.
- One (1) priority point is earned for each $10,000 spent in support of outdoor/citywide advertising opportunities through EMC Outdoor at the AAOS 2024 Annual Meeting with a commitment date of Friday, December 29, 2023.
- One (1) priority point is earned for each $1,000 spent in support of any AAOS non-Annual Meeting opportunities that occurs in the 2023 calendar year. This includes CME Course Exhibits, Spotlight Sessions, advertising in AAOS publications, and sponsorships.
- Two (2) priority points are earned for exhibit space applications and 50% deposits received by the initial space assignment date of June 29, 2023.
- Two (2) priority points are earned for full payment of exhibit space fees by the full payment due date of Thursday, October 19, 2023.
- Two (2) priority points are earned for securing hotel rooms in the Exhibitor Room Block through onPeak, the official housing vendor of AAOS.

The two (2) priority points earned for each year of participation as an exhibitor are permanent and will accumulate from year to year. All other priority points earned each year are expiring and will reset to zero for the following year. For more details, visit the Priority Point System Guidelines.

For AAOS 2024, exhibit space will be assigned in priority point order. To assist companies in determining their space assignment ranking for AAOS 2024, the following is an overview of the priority points of all companies eligible to exhibit:

<table>
<thead>
<tr>
<th>Priority Points</th>
<th>Number of Companies</th>
</tr>
</thead>
<tbody>
<tr>
<td>500 points or more</td>
<td>7 companies</td>
</tr>
<tr>
<td>201 to 500 points</td>
<td>9 companies</td>
</tr>
<tr>
<td>101 to 200 points</td>
<td>41 companies</td>
</tr>
<tr>
<td>51 to 100 points</td>
<td>130 companies</td>
</tr>
<tr>
<td>26 to 50 points</td>
<td>295 companies</td>
</tr>
<tr>
<td>10 to 25 points</td>
<td>581 companies</td>
</tr>
<tr>
<td>2 to 9 points</td>
<td>over 1,300 companies</td>
</tr>
</tbody>
</table>

A loss of priority points can occur should an exhibitor violate AAOS Rules and Regulations, as detailed on Page 15.
6. Space Limitations
AAOS reserves the right to place reasonable limitations on the number of booths to be rented to any exhibitor. The limitation will be determined by the relation of total applications to the number of booths available on the floor plan. AAOS strives to provide a broad spectrum of products and services.

7. Booth Relocation
AAOS does not normally relocate assigned exhibit booth space. On those rare occasions when this does occur, exhibitors are notified with an explanation for the relocation. If the reassigned exhibit space is not acceptable, exhibitors may notify AAOS, within 10 days from the date of relocation, to cancel the exhibit space and receive a full refund of any exhibit space fees paid.

8. Specialty Areas
The following exhibitors will be assigned space in designated specialty areas as indicated on the exhibit hall floor plan:

First-Time Exhibitors
Publishers and Educators

If an exhibitor does not wish to be placed in the First-Time Exhibitor or Publishers and Educators areas, note this request in the comment section on the Exhibit Space Application.

9. Company Name
Companies must provide their official company name, not a product or brand name when applying for exhibit space. This name will be used in all meeting materials. If a company requires a change to the submitted company name, official documentation of the name change must be sent to exhibits@aaos.org. Please note: If the name change is not received by December 14, 2023, the new company name will not be reflected in select printed meeting materials.

10. Multiple Divisions
Companies with several divisions that will share the same exhibit space may not contract separately, split badge or housing allotments, or be listed by division online or in the AAOS Annual Meeting Mobile App. All divisions must be listed under one company name.

11. Joint-Venture/Co-Marketing
If two or more companies want exhibit space adjacent to one another, each company must submit the request along with the Exhibit Space Application. Each request must be emailed to exhibits@aaos.org and indicate that a copy has been sent to the other company. Space assignments will then be made by averaging the companies’ priority points. Only requests received prior to June 29, 2023, will be honored.

12. Sharing/Subletting Exhibit Space
Exhibitors may not let, sublet, or transfer the exhibit privilege or exhibit space in whole or in part. Sharing of exhibit space is permitted only for divisions of the same company.

13. Mergers and Acquisitions
Companies that have merged with, been purchased by, or have purchased another company may use the exhibit history from whichever company is most favorable, but not by combining history of multiple companies for the purpose of calculating priority points. AAOS should be notified in writing that the acquisition or merger between companies has been completed, along with the effective date of this change. Companies requesting a transfer of priority points must be directly related to the exhibiting company to inherit those priority points. A directly related company shall be defined as a company that is wholly owned by a subsidiary of or one that has merged with another company. Priority points will be awarded only if similar product lines are being displayed. The sale of a product, product line, certain technology, or certain assets to another company will be considered to transfer priority points only if and to the extent determined by AAOS in its sole discretion. All requests for priority point transactions must be submitted in writing to the exhibits@aaos.org and confirmed in writing by the parent or subsidiary company.

14. Exhibit Space Fees
Linear inline booth 10’ x 10’....................... $39 per net sq. ft.
Linear corner booth 10’ x 10’................... $41 per net sq. ft.
Island booth space 20’ x 20’ or larger.... $39 per net sq. ft.

15. Terms of Payment
A 50% deposit must accompany the Exhibit Space Application. Applications received after October 19, 2023, must be paid in full. Applications received without a deposit will not be assigned exhibit space until the appropriate payment is received.

*If a balance for the exhibit space is still outstanding at the time of reduction, the exhibitor will be responsible for the remaining balance. The reduction of exhibit space does not eliminate an outstanding balance.

For companies reducing exhibit space, sleeping rooms, and badges, and priority points earned for 2025 will be decreased to correlate with the reduction in exhibit space.

18. No-Show Policy
Any booth not in the process of being installed by 3:00 PM on Monday, February 12, 2024, may be regarded as a “no show.” The exhibitor will be deemed to have cancelled the exhibit space contract and, as such, the exhibitor will not be awarded any priority points for the 2024 Annual Meeting. Any freight will be removed from the exhibitor’s booth and returned to the loading dock at the exhibitor’s expense and AAOS will be free to utilize the space at its discretion.
19. Access to Exhibit Halls
During show days, properly badged exhibitors may enter the exhibit halls as follows:

<table>
<thead>
<tr>
<th>Day</th>
<th>Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tuesday, February 13</td>
<td>6:30 AM-6:00 PM</td>
</tr>
<tr>
<td>Wednesday, February 14</td>
<td>7:00 AM-6:00 PM</td>
</tr>
<tr>
<td>Thursday, February 15</td>
<td>7:00 AM- Midnight</td>
</tr>
</tbody>
</table>

Meetings in the exhibit halls with attendees and other non-exhibit individuals can only take place during official exhibit hours. Attendees must be properly badged to gain access to the exhibit halls during official exhibit hours.

20. Access to Other Exhibit Booths
Exhibiting companies are responsible for monitoring their own exhibit space. Exhibitors may not enter another exhibitor’s exhibit space without obtaining permission or linger in the aisles surrounding other exhibitors’ booths. This has been implemented in order to respect the rights of all exhibitors to conduct business during exhibit hours without interference or improper intervention. Violation of this rule will result in expulsion of the offending person from the meeting for the duration of the meeting. If violations continue, the exhibiting company will forfeit 25% of their priority points for the AAOS 2025 Annual Meeting space assignment or not be allowed to exhibit at future AAOS meetings. AAOS, its representatives and employees, shall have free access to any exhibit at any time.

21. Admittance to Scientific Programming
An exhibitor badge allows admittance to the exhibit halls, and if space permits, poster presentations, symposia, and paper presentations. Any ticketed session, like an instructional course, must be purchased onsite at Attendee Registration Ticket Sales kiosks on the day of the course, depending on availability. CME credit will not be awarded to those with exhibitor badges.

22. Badges
Exhibitors may register a maximum of five representatives for each 100 square feet of exhibit booth space. At the request of Academy members, there will be no additional badges provided or sold over this allotment so that aisles on the exhibit floor can be easily navigated. Visit Exhibitor Badge Registration for more details on exhibitor badges.

23. Badges for Research and Development Staff
Research and development employees of exhibiting companies that only want to attend educational sessions can register as “Exhibitor R&D Personnel”. This badge category is for educational purposes only and cannot be used by booth staff or other personnel to engage in business activities. All registrations for this category are subject to an approval by AAOS.

24. Badge Policies
a. All exhibitor representatives must register and wear the official exhibitor badge for admission to and while in the exhibit halls.
b. Exhibitor badges must be visible at all times.
c. Company badges will not be accepted in place of the official AAOS badge. Supplanting AAOS badges with business cards, altering, adding to, or defacing the official badge is not permitted.
d. Exhibitor badges are to be issued only to company employees, and/or any other individuals working in the exhibit booth.
e. All exhibitors must wear the correct AAOS name badge. For security reasons, exhibitors should never allow another individual, co-worker or not, to use their badge to gain access to the exhibit hall or educational sessions. Badge exchanges are complimentary, both at onsite registration and online, so that each exhibitor is badged properly. Violation of this rule will result in expulsion of the violator and the offending exhibitor personnel from the meeting for the duration of the meeting. If violations continue, the exhibiting company will forfeit 25% of their priority points for the AAOS 2025 Annual Meeting space assignment or not be allowed to exhibit at future AAOS meetings.
f. False certification of an individual as an exhibitor’s representative, or any other method used to assist unauthorized personnel to gain admittance to the exhibit floor and/or instructional courses, will be cause for expelling the violator from the meeting, or removing a violator’s exhibit from the exhibit floor without further obligation on the part of AAOS.
g. An exhibitor badge allows admittance to the exhibit halls, and if space permits, poster presentations, symposia, and paper presentations. Any ticketed session, like an instructional course, must be purchased onsite at Attendee Registration Ticket Sales kiosks on the day of the course, depending on availability. CME credit will not be awarded to those with exhibitor badges.
h. Exhibitors should not use their badge allotment to register medical attendees. Exhibitor badges should only be used for booth staff personnel.
i. Lost badges can be printed one time per individual for $50. Additional reprints for a single individual will not be permitted.
j. No individual under 16 years of age will be permitted into the exhibit hall.

25. Balloons
The use of balloons is prohibited.

26. Booth Activities
a. Demonstrations of Products, Technologies and/or Services
Demonstrations of products, technologies and/or services are limited to each exhibitor’s contracted exhibit space in the exhibit hall. Such activities are not permitted in any other areas of the Moscone Center, parking lots, or in any hotel, with the exception of AAOS-approved ancillary events, Bioskills Workshops, Innovation Theater, and/or Lunch & Learn sessions as outlined in the AAOS Exhibitor Event and Meeting Space Guidelines. Non-compliance with this regulation will result in the prompt removal of the offending person and loss of priority points by the exhibitor.
b. Demonstrations Using Live or Human Tissue
Exhibitors are not permitted to use live or human tissue in any booth to demonstrate techniques or instrumentation. Similarly, exhibitors may not use human or xenograft tissue outside of sealed bona fide packaging. However, exhibitors that have FDA clearance for human or bovine tissue may provide a product demo as long as the tissue is kept fully in a sealed incubator display.

c. Diagnostic Imaging Equipment and Lasers
Exhibitors will be able to display and demonstrate imaging equipment in their booth space. Exhibitors shall not demonstrate diagnostic imaging equipment using either ionizing or non-ionizing radiation. In addition, demonstrations of activated therapeutic lasers are prohibited.

d. Booth Presentations by AAOS Leadership
Key AAOS leaders are prohibited from giving formal presentations or talks in exhibit booths in the exhibit halls or from promoting exhibitor products in print or other advertisements at the AAOS Annual Meeting. AAOS key leadership includes:
   i. President
   ii. First Vice-President
   iii. Second Vice-President
   iv. Immediate Past-President
   v. Chief Executive Officer
   vi. Editors-in-Chief of AAOS publications
   e. Celebrity Spokesperson
Exhibitors may utilize the services of a celebrity only if this individual is routinely employed as a spokesperson for the product, service, or technology on display at AAOS 2024. Exhibitors wishing to have such a celebrity in their booth must submit the proposed schedule and activity for the celebrity via the Booth Activities form by December 7, 2023, and meet the following conditions:
   i. Item(s) to be awarded cannot exceed $100 in value and must be educational in nature.
   ii. Must comply with all local, state, and federal laws governing such drawings or raffles. Determining compliance with legal obligation is solely the responsibility of the exhibitor.
   iii. Rules must be posted at the booth and include the eligibility, date and time of the drawing, the words “no purchase necessary to enter,” and how winners are notified.
   iv. Drawing must take place after the conclusion of the AAOS Annual Meeting.
   v. It is the responsibility of the exhibitor to notify the winner and to make arrangements for the transfer of the prize to the winner.
   vi. The exhibitor must agree to indemnify the American Academy of Orthopaedic Surgeons/American Association of Orthopaedic Surgeons, its official contractors, and the Moscone Center and their respective directors, officers, employees, representatives, agents, successors and assigns in the event of any claims arising from the raffle or drawing.
   vii. AAOS reserves the right to restrict drawings or raffles that it deems inappropriate or unprofessional.

f. Continuing Medical Education (CME)

Exhibitors in violation of this rule will forfeit 25% of their accrued priority points for their AAOS 2025 Annual Meeting space assignment. Repeat violations may result in the exhibitor not being permitted to exhibit at future annual meetings.

Exhibitors should remain with their display materials until crates are returned and all materials are packed. Exhibitors are reminded that the return of empty crates, containers and cartons will take a minimum of eight to ten hours after the close of the show. Please plan your departure schedule accordingly.

All exhibits must be dismantled and packed with an outbound bill of lading turned in to the Exhibitor Service Center by Saturday, February 17, 2024 at 2:00 PM. Such materials are not permitted to be distributed in the aisles, lobbies, registration, Academy Hall, publication bins, on counters and/or tables, in or near education rooms, parking lots, and/or in any hotel. **30. Exhibitor Conduct**
All exhibitors are expected to contribute to an overall professional environment of the meeting, and AAOS reserves the right to make onsite judgments regarding conduct that detracts from that environment. Any questionable exhibit or activity that exceeds the bounds of good taste as interpreted by AAOS will be terminated.

a. It is the responsibility of the official exhibitor contact to ensure that all booth staff and vendors/contractors/agents are aware of and adhere to all AAOS rules and regulations and conduct themselves in a professional manner.

At no time may anyone enter an unstaffed booth of another exhibitor. Violation of this rule will result in expulsion of the offending exhibitor from the meeting for the duration of the meeting. If violations continue, the exhibiting company will lose 25% of their priority points for the AAOS 2025 Annual Meeting space assignment or not be allowed to exhibit at future AAOS meetings.

e. AAOS prohibits harassment or discrimination in any form by or against an employee, exhibitor, vendor, or attendee. For more information, visit the AAOS Anti-Discrimination and Anti-Harassment Policies and Procedures.

32. Exhibitor-Appointed Contractor (EAC) Badges
Exhibitors may use the services of an outside independent contractor only for the installation and dismantling of exhibits. All other services must be secured through the official contractors. By December 7, 2023, exhibitors planning to use the services of an outside independent contractor for set-up and/or dismantle labor and/or supervision must notify AAOS by submitting the Exhibitor Appointed Contractor Request form in the Exhibitor Service Manual. Exhibitors that do not provide this request by December 7, 2023, will be required to use labor and/or supervision provided by the official contractor for installation and dismantling.

The exhibiting company is responsible for the actions of their independent contractors. The exhibitor agrees to indemnify and hold harmless AAOS and the Moscone Center (and all related organizations) for any and all expenses (including attorney fees, judgments, demands, claims or other amounts) resulting from damage or death caused in any part by the exhibitor’s appointed contractor.

AAOS reserves the right to remove exhibitor-appointed contractors whose actions jeopardize the on-time opening of the exhibition, or whose employees fail to observe the regulations and procedures of AAOS.

Upon receipt of the Exhibitor Appointed Contractor Request form, specific information detailing AAOS requirements and policies will be emailed directly to each contractor. Exhibitors should note that the Exhibitor Service Manual will only be emailed to the participating exhibitor, and it is the exhibitor’s responsibility to provide third parties with the necessary information, Exhibitor Appointed Contractor Code of Conduct and any other form from the Exhibitor Service Manual.

33. FDA Compliance
All products that are not FDA approved for a particular use in humans, or which are not commercially available in the United States, will be permitted to be exhibited only when accompanied by the appropriate signs that indicate the product’s FDA clearance status. Signs must be easily visible, placed near the product, and on any graphics depicting the product. The size of text must be a minimum of 1/8 inch in height or larger so that the sign is visible from a distance of four feet from the display/product. The AAOS Exhibits Committee no longer conducts a walkthrough of the exhibit halls for compliance with FDA requirements, and each exhibitor is responsible for their own compliance.

34. Hazardous Waste Disposal
The disposal, treatment and transportation of medical hazardous waste must be pre-arranged with a qualified medical hazardous waste disposal company. Exhibitors that plan to produce hazardous waste during their exhibit must notify AAOS by December 7, 2023, via the Booth Activities form.

35. Housing
AAOS has contracted over 10,000 sleeping rooms in San Francisco for AAOS 2024. Exhibitors must obtain sleeping rooms through AAOS’ housing bureau, onPeak, or risk the loss of priority points. Exhibitors or their agents may not negotiate blocks of rooms directly with hotels in the San Francisco area. If such a violation should occur, the company will lose 25% of its accrued priority points for exhibit space assignments for the AAOS 2025 Annual Meeting. Visit the Exhibitor Housing page for details on the housing policies, room allotments, list and map of hotels, and important dates.

Earn two (2) priority points by securing housing through onPeak, AAOS’ housing bureau. For more details visit the Priority Point Guidelines.

37. Individuals Under the Age of 16
No individual under the age of 16 will be permitted to enter the exhibit hall at any time.
38. Installation of Exhibits
Installation will begin on Tuesday, February 6, 2024, at 1:00 PM. A target move-in schedule has been adopted for the installation of exhibits, based upon an exhibitor’s booth size and location. Exhibitors must adhere to their assigned target date for delivery of direct shipments to the Moscone Center. This schedule will be detailed in the Exhibitor Service Manual in October. Exhibitors should check the target move-in schedule for their schedule move-in day and time.

Exhibitors that want to request a change in their target move in time will need to complete the Target Move-In Change Request Form and submit to Freeman by December 12, 2023. This form will be included within Freeman’s section of the Exhibitor Service Manual. Booths must be fully set by 5:00 PM on Monday, February 12, 2024. If an exhibit is not in the process of being set up by 3:00 PM on Monday, February 12, 2024, the exhibitor will be regarded as a no show, and, as such, any freight will be removed from the exhibitor’s booth; returned to the loading dock at the exhibitor’s expense, and AAOS will be free to utilize the space at its discretion.

Throughout installation, all crates must be labeled for storage as soon as they are empty. For booth spaces 600 sq. ft. and larger, all empty crates, cases and containers must be tagged for removal by 7:00 PM on Sunday, February 11, 2024.

Onsite at the meeting, exhibitors that require extended installation hours should direct these requests to the Exhibits Office no later than 2:00 PM on the day that additional installation time is needed. Exhibitors may be required to hire a security guard for any approved additional hours they will be working in their booth outside of established installation hours. For exhibit dismantling details, refer to page 9.

39. Marketing Free Zone
AAOS has created a marketing free zone that extends a 5-mile radius around the Moscone Center, including event hotels and other venues which will be populated by AAOS Annual Meeting attendees. Only with written AAOS permission are exhibitors allowed to participate in any street marketing activities within this area which include, but are not limited to segways, banners, street teams, decals, or literature distribution. Violation of this rule will result in loss of 25% of the exhibiting company’s priority points for their AAOS 2025 Annual Meeting space assignment.

40. Meeting Space and Educational Events
Any exhibitor planning on holding an event or function that will take place outside of their assigned exhibit booth space during the AAOS Annual Meeting must secure written approval from AAOS and comply with the policies set forth in the AAOS Exhibitor Event and Meeting Space Guidelines. All events, including events held at a non-hotel venue, (such as restaurants, museums, etc.) are required to submit the Exhibitor Event and Meeting Space form to secure written approval from AAOS.

AAOS prohibits exhibitor events scheduled directly for meeting attendees that conflict with the AAOS scientific program and the exhibit hall hours. 41. Media Relations at the Meeting
The Academy invites exhibitors to supply appropriate press materials for distribution in the Academy Press Room. For complete details, refer to the Media Relations and PR Opportunities Guidelines.

Adequate space/seating for presentations and demonstrations must be provided within the exhibitor’s booth space. AAOS reserves the right to have the exhibitor discontinue any activity or demonstration that interferes with the normal traffic flow in the aisles or that overflows into neighboring exhibits. Violation of this rule will result in loss of 25% of the exhibiting company’s priority points for the AAOS 2025 Annual Meeting space assignment.

43. Photography, Video and Audiotape Activities

Except for services ordered through the official photographer, exhibitors must have prior written approval for any photographing, videotaping or audio taping activity in the exhibit halls. Requests must be submitted by December 7, 2023, via the Booth Activities form.

Provided shots are taken by a full-time company employee, exhibitors may photograph and/or videotape their booth from the confines of their booth space during non-exhibit hours when...
attendees are not present in the exhibit halls. Photographing, videotaping or audio taping during exhibit hours is strictly prohibited. Requests must be submitted by December 7, 2023, via the Booth Activities form. b. Solid construction, display cases, signs, decorations, monitors, or equipment over 4 feet high must be a minimum of 5 feet back from the front aisle.
c. Exposed or unfinished sides of the exhibit must be professionally finished or draped to present an attractive appearance.
d. Any portion of the exhibit bordering (facing into) another exhibitor’s space may not incorporate any identification signs, logos, letters, product images or graphics that would detract from the adjoining exhibit.
e. Hanging signs and/or lights are not permitted.
f. Facility fire regulations prohibit storing product, literature, empty creates or packing materials behind the booth boundary lines. This clearance is for access to electrical and utility outlets and may not be blocked at any time. Exhibitors requiring accessible storage during show hours may arrange this with Freeman.
g. All booths are identified with a booth number label that is affixed on the aisle carpet and will include a 7” x 44” identification sign with the company name and booth number secured to the backwall drape.
h. Booth floor covering is mandatory and is the responsibility of the exhibiting company. Floor covering or carpet may either be supplied by the exhibitor or ordered from Freeman. Materials used must be slip resistant. All exhibit booths without floor covering or which is objectionable to AAOS shall, at AAOS’ discretion, be carpeted and/or corrected at the exhibitor’s expense.

All aisle carpet will be provided by AAOS, and the carpet color will be black and gray tuxedo.

66. Island Exhibit Booths
An island exhibit is an open area of exhibit space with aisles on all four sides. Island exhibits may extend to all outer edges of the booth.

a. Aisles may not be obstructed due to any activities within the booth.
b. Counters must be placed at minimum one foot in from all aisles.
c. An island booth is not required to provide access from all sides of the booth. This is subject to approval by the Moscone Center.
d. Formal presentation areas are required to be placed a minimum of five feet in from the aisles. Exhibitors are responsible for providing adequate space for presentations and monitoring attendance to prevent aisle congestion. Presentations will be limited or eliminated in situations where overflow continues to be a problem.
e. Structures with a door facing an aisle must have the door set back far enough to prevent the door from opening into the aisle.
f. Raised floors must include ramps for access to the booth space and raised areas that are not ramped must be clearly marked or lighted around the perimeter.
g. All illuminated walls or displays must have the ability to adjust the brightness.
h. For island exhibits that include lights hung from an overhead truss system or facility overhead catwalks and/or beams, the lights must be placed within the perimeter of the exhibitor’s booth space.
i. Sound systems for formal demonstration areas must be directed into the exhibit space, not facing out toward the aisles, and sound may not exceed 85 decibels or be audible in any surrounding exhibitor’s booth.

j. Neither identification sign nor pipe and drape are provided for island exhibits. All booths are identified with booth number labels that are affixed to the floor in the aisle.

k. Booth floor covering is mandatory and is the responsibility of the exhibiting company. Floor covering or carpet may either be supplied by the exhibitor or ordered from Freeman. Materials used must be slip resistant. All exhibit booths without floor covering or which is objectionable to AAOS shall, at AAOS’ discretion, be carpeted and/or corrected at the exhibitor’s expense.

All aisle carpet will be provided by AAOS, and the carpet color will be black and gray tuxedo.

l. All exhibitors with an island booth (400 sq. ft. and larger) are required to submit a scaled floor plan and elevation diagram (digitally) to AAOS for approval by December 7, 2023. Island booth floor plans are required to ensure that AAOS rules and regulations are followed and provide AAOS with the ability to resolve potential issues before show site. If not submitted, and the construction is determined to be in violation of booth restrictions, AAOS has the right to prohibit assembling of the booth. Island exhibits are subject to show site review and restrictions. Mobile units must follow fire prevention codes according to the Moscone Center rules and regulations and the Americans with Disabilities Act. Exhibitors that wish to display mobile units or trucks on the exhibit floor must request approval. Requests should be sent to exhibits@aaos.org by October 20, 2023, and must include specific space requirements. Mobile units or trucks for display in the exhibit halls will only be assigned space in designated areas and cannot be placed within exhibit hall floor where most exhibit booths are assigned. Mobile units must follow fire prevention codes according to the Moscone Center rules and regulations and the Americans with Disabilities Act.

68. Height Limits

**Linear Booths:** The height limit is 8 feet in the rear half of the booth, 4 feet high within 5 feet of the front aisle.

**Island Booths:**

- **Halls A-C:** The height limit is 24 feet measured from the floor up to the top of the hanging sign; however, there are areas where the height limit is significantly less due to the ceiling arches and lower ceiling areas. Lighting and truss may be hung above this height but are not allowed to extend beyond the perimeter of the booth space. Review the exhibit hall floor plan legend for placement of the arches and low ceiling areas.

- **Hall D:** The height limit is 20 feet measured from the floor up to the top of the hanging sign; however, rigging in this area may be limited due to varying ceiling heights and or lack of points.

- **Hall E:** The height limit is 20 feet measured from the floor up to the top of the hanging sign, however, rigging in this area is limited – no bridling, dead-hangs only. Limit of 1000 lbs per rigging point.

- **Hall F:** The height limit is 22 feet measured from the floor up to the top of the hanging sign. Lighting and truss may be hung above this height but are not allowed to extend beyond the perimeter of the booth space.

69. Mobile Units or Trucks

Exhibitors that wish to display mobile units or trucks on the exhibit floor must request approval. Requests should be sent to exhibits@aaos.org by October 20, 2023, and must include specific space requirements. Mobile units or trucks for display in the exhibit halls will only be assigned space in designated areas and cannot be placed within exhibit hall floor where most exhibit booths are assigned. Mobile units must follow fire prevention codes according to the Moscone Center rules and regulations and the Americans with Disabilities Act.

70. Peninsula or End-Cap Booths

71. Facility Fire/Safety Guidelines

The Moscone Center has established requirements regarding acceptable booth configurations from a safety standpoint.

a. All exhibit construction and decoration materials must be flame retardant. For acceptable materials for booth construction, visit the Fire Marshal Requirements for Booths and Displays.

b. Storage of any kind behind back drapes, display walls or inside the display areas is strictly prohibited.

c. Fire extinguishers and fire hose cabinets which may be located on a column must remain visible and accessible at all times.

d. Booths that have multiple levels or rooms with enclosures are required to be equipped with a UL-approved, battery-operated smoke detector attached to the ceiling or under structure. A 2A10BC fire extinguisher is required on each level and must be easily available.

e. For multi-level booth or rooms with enclosures that exceed 500 square feet, an overnight fire watch is required. This is the responsibility of the exhibitor and supplied and approved by the Moscone Fire Marshal.

f. Staircases for multi-level booths can be circular, but not spiral or winding and must have tread all the way around. The staircase for a multi-level booth must be at least 3 feet in width and have a handrail on at least one side. If any second level is designated to hold over 10 people, a second staircase is required for emergency evacuations.

g. Exhibitors may not connect into the Moscone Center sprinkler system.

h. Moscone Center Fire and Safety staff inspects all booths to ensure compliance.

i. The Moscone Fire Marshal requires that booths that exceed 16 feet in height or multi-level exhibit booths submit floor plans that are stamped by a licensed structural engineer for review and approval by January 7, 2024. Plans for all multi-level booths must be stamped by a licensed structural engineer. Lighting that spins, rotates, pulsates, or has other specialized effects must be submitted for approval to exhibits@aaos.org by January 7, 2024. Approval will be granted on a case-by-case basis and will be inspected onsite at the Moscone Center.

Island booth exhibitors that wish to have facility lights turned off that are within the confines of their booth space must submit requests to Moscone Center by January 14, 2024. No requests will be granted to turn off lights that project over aisle space or other exhibitors’ booths. Island exhibits that include lights hung from an overhead truss system or facility overhead catwalks and/or beams must be placed within the perimeter of the exhibitor’s booth space. Lights for linear booths may not rise above 8 feet or be placed outside the booth space.

The exhibitor of an island booth is responsible for any costs related to lighting installation and dismantle, including any lights which may be denied approval onsite due to infringing on AAOS aisles, or other areas outside the exhibitor’s booth space.

The following schedule lists when the Moscone Center will go to “show level lighting and power” in Halls A - F:

- Sunday, February 11 1:30 – 3:30 PM

Booth ID Signs: Linear booths 300 sq. ft. or less will be provided with a 7” x 44” identification sign with the company name and booth number at no charge. Any booth larger than 300 sq. ft. may receive a 7” x 44” identification sign upon request.

Hanging Signs or Banners: Hanging signs/banners are only available for island booths and may not exceed the perimeter of assigned booth space. The suspended height limit for signs is 24 feet in Halls A-C, 20 feet in Hall D, 20 feet in Hall E and 22 feet in Hall F when measured from the floor up to the top of the sign. Attachment to exhibit hall ceiling beams or trusses are permitted only through Freeman. Refer to the Height Limits section for more details regarding limitations.

Exhibitors, display companies and/or Exhibitor Appointed Contractors may supervise, but will not be allowed to assemble or install a hanging sign. Hanging signs will be assembled and installed by Freeman.
