**AAOS Outpatient and Rapid Recovery in Total Joint Replacement**

One-Day Course!
Friday, October 23, 2020

In person in Rosemont, IL • Stream Online

Successfully implement a rapid recovery program, improve efficiency and optimize patient satisfaction

The only course of its kind for orthopaedic surgeons, this single-day program addresses the increasing demand for same-day discharge after total joint replacement. Expert faculty offer their “playbook” for physicians to safely implement and build an outpatient program in their institution or practice.

Through focused lectures and interactive panel discussions, faculty will share how they successfully transitioned their procedures to the outpatient setting, while keeping patient safety and satisfaction at the forefront. Plus, exclusive online resources take this blended learning experience beyond the lectures!

“Great course! Well-presented lectures with rich variations in how surgeons approach the topics, while maintaining clear consistency in the take-home concepts.” – 2019 Course Participant

New for 2020! Look forward to:

- Expanded time for Q&A discussion – interact with faculty and attendees in person or remote
- COVID-19 panel discussion – changes in practice and protocols
- Updated physical therapy protocols – evolve your approach

Earn 7 CME Credits
