Keeping Patients Active Through Biologics, Rehabilitation and Contemporary Surgical Techniques

aaos.org/SportsMed2020
The Academy would like to thank the American Orthopaedic Society for Sports Medicine and the Arthroscopy Association of North America for the many contributions made by its members in the presentation of this program. The Academy and orthopaedic specialty societies work together to provide the highest quality educational programs and publications. This cooperative spirit among colleague organizations is an important resource and valuable asset for the orthopaedic community.

21st Annual AAOS/AOSSM/AANA Sports Medicine Course

Participate – Engage – Ski – Learn

Safely return your active patients to play with innovative treatment strategies and unparalleled sports medicine knowledge for all levels of athletic injury.

Participate in small group case discussions, participant-expert panels, debates and controversies for an interactive experience that engages you with faculty and offers expert solutions to improve your patient outcomes. Each day includes a balance of slopes and sessions. Join your colleagues at this unique event that connects experts across orthopaedic sports medicine, arthroscopy, and rehabilitation through this powerful partnership.

Strengthen team performance! An excellent update for PAs, PTs, OTs, and ATCs, from pre-participation to injury treatment and rehabilitation.

Learn Hard. Play Hard.

Enjoy mid-day recreation breaks at this premier ski-in ski-out Park City resort with discounts for lodging and lift tickets. This is a great destination for a family vacation/work combo!

Register early! This course sells out.

Highlights include:

• Top Trending Sports Medicine Topics in 2020

• Emerging and leading-edge technology, orthobiologics, and surgical techniques

• HANDS-ON! Optional ultrasound sessions to enhance your diagnostic and therapeutic skills
