Orthopaedic Surgeon

Marshall Orthopaedics, a university-affiliated physician group, is currently seeking qualified candidates for an orthopaedic hand position within our department. This position, with a practice location at our academic medical center in Huntington, West Virginia, will provide for a practice that is primarily focused on the subspecialty of orthopaedic hand surgery.

Marshall Orthopaedics is an academic department affiliated with the Marshall University Joan C. Edwards School of Medicine. We support an orthopaedic residency and train 3 residents per year.

The department’s hand/upper extremity division currently has two partners, Dr. Alan Koester and Dr. Steven Novotny. Due to rapidly increasing volume, we are recruiting a third orthopaedic hand surgeon to our department.

We offer an attractive, university employee-based benefits package that provides a very competitive compensation package, especially with respect to other academic medical centers. This position also offers the opportunity to be involved in resident and medical student educational activities and orthopaedic research activities.

About Marshall Orthopaedics - Marshall Orthopaedics is an academic-based physician group affiliated with Marshall University. Based out of Huntington, West Virginia, Marshall Orthopaedics has a network of clinical affiliations and provides patient care within offices in West Virginia, Kentucky and Ohio. Our physicians are fellowship-trained in the full spectrum of orthopaedic subspecialties. We support an orthopaedic residency and train 3 residents per year. Sports and Shoulder Fellowship open position for August 2019

San Diego Arthroscopy & Sports Medicine Fellowship

San Diego Arthroscopy and Sports Medicine fellowship currently has an open position for the 2019-20 academic year, beginning August 2019. This fellowship strives to teach the surgical indications and techniques for a wide variety of arthroscopic procedures. There is a significant exposure to reconstruction of the shoulder to include total and reverse arthroplasty. The program enhances knowledge of the care for the injured athlete as well as the general orthopaedic patient. The surgical experience will emphasize arthroscopic and arthroscopically-assisted shoulder, knee, ankle, elbow, and hip procedures. Each fellow will participate in approximately 500 operative cases and 800 procedures per year. There are opportunities for teaching residents and medical students within the context of the university affiliation. The fellow will gain on-field experience through involvement as the team physician for area high schools and colleges as well as professional and Olympic teams. The required research projects are facilitated through access to basic science labs as well as an arthroscopic lab and dissection materials.

For further information please visit our website at www.sportsfellows.com or contact Mari Heerlyn at mari@sdsm.net or Renee Hardesty at renee@sdsm.net

James P. Tasto MD, Program Director
Jan Fronek MD, Assistant Program Director
Heinz Hoenecke MD, Assistant Program Director

OrthoVirginia, the largest orthopaedic specialty practice in Virginia, is seeking a Total Joint Surgeon for the Northern Virginia Region (Washington, DC metro area).

🚀 Progressive physician-owned practice with competitive compensation and benefits
🚀 Partnership tract
🚀 In-house marketing support for practice building

OrthoVirginia is the state’s largest leading provider of orthopaedic and therapy care. Our statewide network includes more than 100 physicians, 22 office locations, MRI facilities, outpatient surgery centers, and physical therapy clinics.

Northern Virginia offers high per capita income and a well insured community with great public and private schools. Convenient to the city, mountains and east coast beaches.

Based out of Huntington, West Virginia, Marshall Orthopaedics has a academic-based physician group affiliated with Marshall University. Trained in the full spectrum of orthopaedic subspecialties, we support currently seeing qualified candidates for an orthopaedic hand surgeon to our department. With increasing volume, we are recruiting a third orthopaedic hand surgeon to our department.

Marshall Orthopaedics, a university-affiliated physician group, is offering the opportunity to be involved in resident and medical student education. Participation in Trauma residents and medical students’ didactic and clinical education will help improve practice performance and build valuable skills through engaging debates, case reviews, and surgical videos.

As a result, the fellowship will help you enhance your knowledge of the care for the injured athlete as well as the general population. The program aims to participate in approximately 500 operative cases and 800 arthroscopic and arthroscopically-assisted shoulder, knee, ankle, elbow, and hip procedures. Each fellow will achieve full days/half days available.
