Sports and Shoulder Fellowship open position for August 2019

**San Diego Arthroscopy & Sports Medicine Fellowship**

San Diego Arthroscopy and Sports Medicine fellowship currently has an open position for the 2019-20 academic year, beginning August 2019. This fellowship strives to teach the surgical indications and techniques for a wide variety of arthroscopic procedures. There is a significant exposure to reconstruction of the shoulder to include total and reverse arthroplasty. The program enhances knowledge of the care for the injured athlete as well as the general orthopaedic patient. The surgical experience will emphasize arthroscopic and arthroscopically-assisted shoulder, knee, ankle, elbow, and hip procedures. Each fellow will participate in approximately 500 operative cases and 800 procedures per year. There are opportunities for teaching residents and medical students within the context of the university affiliation. The fellow will gain on-field experience through involvement as the team physician for area high schools and colleges as well as professional and Olympic teams. The required research projects are facilitated through access to basic science labs as well as an arthroscopic lab and dissection materials.

For further information please visit our website at [www.sportsfellows.com](http://www.sportsfellows.com) or contact Mari Heerlyn at mari@sdsn.com or Renee Hardesty at renee@sdsn.com.

**The Centers for Advanced Orthopaedics**

**OrthoMaryland**

**BE/BC Orthopaedic Surgeons**

The Centers for Advanced Orthopaedics, OrthoMaryland division is seeking Board Eligible and/or Board Certified Orthopaedic Surgeons with specialization in the following areas:

- Foot & Ankle
- Hand, Wrist & Elbow

Whether you are early in your career, or a seasoned orthopaedic surgeon interested in joining an independent team of physicians, we look forward to hearing from you.

Physician owned since 1925, OrthoMaryland is one of the oldest and most respected orthopaedic practices in the state. Our team consists of subspecialized Orthopaedic Surgeons, Physiatrists, as well as Physician Assistants. Our practice has three clinical locations in the Baltimore metropolitan area. Each facility has a full clinic, physical therapy gym, x-ray suites, and dispenses DME. Our surgeons perform procedures at three local hospitals, and our ASC. We support ER call at two of the local hospitals noted above. Visit [www.orthomaryland.net](http://www.orthomaryland.net) to learn more.

OrthoMaryland is part of The Centers for Advanced Orthopaedics, the largest integrated group of orthopaedic surgeons in the Maryland-DC-Virginia region. We are more than 150 physicians united by a commitment to the highest standards in patient care.

Please submit your CV to Karrie Barbour at kbarbour@cfaortho.com for consideration.
The FDA’s Center for Devices and Radiological Health is recruiting Orthopedic Surgeons to work as Medical Officers in the Division of Orthopedics Devices (DOD) evaluating clinical trials for cutting-edge orthopedic medical devices. Individuals have a significant role in clinical trial study design, clinical study data evaluation, and clinical research analysis. You will also be responsible for analyzing and interpreting clinical data and providing written and verbal recommendations on submissions. As a Medical Officer, you will offer advice to up to five orthopedic branches covering spinal implants, joint prostheses, trauma, and fracture fixation. You will also provide the division staff with a clinical perspective on the use of various spinal devices and findings from adverse event reporting. Individuals will have an opportunity to interact frequently with clinical investigators and representatives of regulated industry. Preference is for candidates with experience/knowledge regarding spine, joint arthroplasty, or sports medicine devices, but all subspecialties will be considered.

Although relocation expenses are not paid, candidates must relocate to the Washington, DC Metropolitan area. Starting salary ranges from $185,000-$199,000 per year with an excellent benefits package (for those with board certification or eligibility).

Applicant must possess a Doctor of Medicine or Doctor of Osteopathy from a school in the United States or Canada approved by a recognized accrediting body in the year of the applicant’s graduation. A Doctor of Medicine or equivalent degree from a foreign medical school that provided education and medical knowledge substantially equivalent to accredited schools in the United States may be demonstrated by permanent certification of the Education Commission for Foreign Medical Graduates (ECFMG) (or a fifth pathway certificate for Americans who completed premedical education in the United States and graduate education in a foreign country).

In addition, applicants/candidates must have a permanent, full, and unrestricted license to practice medicine in a State, District of Columbia, the Commonwealth of Puerto Rico, or a territory of the United States. Orthopaedic board certification or eligibility (ABOS) is preferred.

Marshall Orthopaedics, a university-affiliated physician group, is currently seeking qualified candidates for an orthopaedic hand position within our department. This position, with a practice location at our academic medical center in Huntington, West Virginia, will provide for a practice that is primarily focused on the subspecialty of orthopaedic hand surgery.

Marshall Orthopaedics is an academic department affiliated with the Marshall University Joan C. Edwards School of Medicine. We support an orthopaedic residency and train 3 residents per year.

The department’s hand/upper extremity division currently has two partners, Dr. Alan Koester and Dr. Steven Novotny. Due to rapidly increasing volume, we are recruiting a third orthopaedic hand surgeon to our department.

We offer an attractive, university employee-based benefits package that provides a very competitive compensation package, especially with respect to other academic medical centers. This position also offers the opportunity to be involved in resident and medical student educational activities and orthopaedic research activities.

About Marshall Orthopaedics - Marshall Orthopaedics is an academic-based physician group affiliated with Marshall University. Based out of Huntington, West Virginia, Marshall Orthopaedics has a network of clinical affiliations and provides patient care within offices in West Virginia, Kentucky and Ohio. Our physicians are fellowship-trained in the full spectrum of orthopaedic subspecialties. We support an orthopaedic residency and train 3 residents per year. For more information, please visit: www.marshallortho.com
