The Chicago Hip Preservation Fellowship
At the
American Hip Institute
2019–2020  and  2020–2021
Focusing on Hip Arthroscopy and Joint Preservation

Fellows will be trained in all aspects of hip preservation surgery, and will gain a unique foundation in complex hip arthroscopy. Training will focus heavily on minimally-invasive techniques for treatment of labral tears, FAI, subspine and ischiofemoral impingement, dysplasia, and microinstability.

Comprehensive surgical hip skills include:
- Arthroscopic complex labral repair
- Circumferential labral reconstruction
- 3D planning and correction of FAI
- Capsular plication and reconstruction
- Ligamentum teres reconstruction
- Osteochondral management (microfracture, subchondroplasty, osteoarticular allograft)
- Endoscopic gluteus medius repair
- Endoscopic hamstring repair

Also included are peri-acetabular osteotomy, Birmingham hip resurfacing, and hip arthroplasty (direct anterior, posterior, and Mako robotic-assisted).

This highly specialized fellowship prepares trainees for a focused niche practice in Hip Preservation. Fellows with academic interests benefit from the strong research program, based in a collaborative, learning environment. The fellowship is ideally suited for trainees graduating from a sports medicine fellowship who wish to obtain further training in a second fellowship. However, application is also open to graduating residents. Salary up to $80,000 annually.

Application:

PLEASE SEND COVER LETTER, CV, AND THREE LETTERS OF RECOMMENDATION TO BENJAMIN G. DOMB, M.D.

Foot and Ankle Orthopaedic Surgeon
UT Health San Antonio

The nationally recognized Joe R. & Teresa Lozano School of Medicine at UT Health San Antonio, Department of Orthopaedics is seeking an individual for a full-time faculty position at the Assistant or Associate Professor level. Academic rank will be commensurate with past experience. Responsibilities will include involvement in clinical service, teaching and research activities. Employment within the Division at UTHSCSA offers a competitive salary and an attractive benefits package.

The applicant must be board certified/board eligible and have completed a Foot and Ankle fellowship. A Texas License will be required.

UT Health San Antonio is an equal employment opportunity/affirmative action employer including protected veterans and persons with disabilities. All faculty appointments are designated as security sensitive positions.

For more information go to the following link
http://uthscsa.edu/hr/employment.asp to apply for this position (19000114).
FDA Medical Officer

The FDA’s Center for Devices and Radiological Health is recruiting Orthopedic Surgeons to work in Silver Spring, Maryland as Medical Officers in the Division of Orthopedics Devices (DOD) evaluating cutting-edge orthopedic devices. As a Medical Officer, you will provide oral and written consultations for various types of regulatory submissions across a wide range of device types related to fracture fixation, joint replacement and reconstruction and spinal disorders. Individuals play a significant role in clinical trial study design, clinical study data evaluation, and interact frequently with clinical investigators and representatives of regulated industry.

Applicants must possess a Doctor of Medicine or Doctor of Osteopathy from a school in the United States or Canada approved by a recognized accrediting body in the year of the applicant’s graduation. A Doctor of Medicine or equivalent degree from a foreign medical school or a fifth pathway certificate for Americans who completed premedical education in the United States and graduate education in a foreign country will be considered.

Although this position does not involve direct patient care duties, candidates must possess and maintain a permanent and unrestricted license to practice medicine in a State, District of Columbia, the Commonwealth of Puerto Rico, or a territory of the United States. Orthopaedic board certification or eligibility (ABOS) is preferred. Candidates must relocate to the Washington, DC Metropolitan area. Starting salary ranges from $185,000-$199,000 per year (for those with board certification or eligibility) with an excellent benefits package.

Academic Orthopaedic Spine Surgeon

Ranked as the number one hospital in Kentucky for the third consecutive year by U.S. News and World Report, UK HealthCare is the region’s largest level I trauma center and serves the overall medical needs of more than 3 million people. UK also continues to be one of the nation’s fastest growing academic medical centers and ranks above the 75th percentile in patient volume (among AMCs).

With a Top 50 national ranking in the 2018 U.S. News report, the Department provides all areas of orthopaedic sub-specialty care from our 36 faculty members to deliver over 55,000 ambulatory visits and more than 6,000 O.R. cases annually. Continued increase in demand within our spine group has created the opportunity to add an additional full time clinical faculty member to help care for this growing population. For more information visit

http://ukhealthcare.uky.edu/Ortho/

The University of Kentucky is an equal opportunity/Affirmative Action employer and complies with the Americans with Disabilities Act of 1990. Females, racial minorities, and individuals with disabilities are encouraged to apply. Upon offer of employment, successful applicants for certain positions must pass a pre-employment drug screen and undergo a national background check as required by University of Kentucky Human Resources.

Please submit letter of interest and curriculum vitae to:
Kevin Caudill, Department Administrator

Incredible opportunity to join our rapidly growing orthopedic practice in the center of Long Island. Our practice features energetic and extremely hard working surgeons across all sub-specialties. We have all ancillaries, including MRI, Physical Therapy, Ultrasound, DME and Pain Management Suite. We are currently constructing a 10,000sq foot state of the art facility which would be our 3rd practice location. Opportunity for ambulatory surgical center buy-in exists as well. Excellent compensation package to start with attractive partnership track and the ability to become among the top earners in the country. We are looking for a motivated and hardworking individual to join our practice. Joint Replacement, Trauma or Pain Management preferred, however, we are willing to entertain all sub-specialties.
