Fax CV and contact information to 718-850-3012, or email plskg1@gmail.com

Fellows will be trained in all aspects of hip preservation surgery, and will gain a unique foundation in complex hip arthroscopy. Training will focus heavily on minimally-invasive techniques for treatment of labral tears, FAI, subspine and ischiofemoral impingement, dysplasia, and microinstability.

Comprehensive surgical hip skills include:
- Arthroscopic complex labral repair
- Circumferential labral reconstruction
- 3D planning and correction of FAI
- Capsular plication and reconstruction
- Ligamentum teres reconstruction
- Osteochondral management (microfracture, subchondroplasty, osteoarticular allograft)
- Endoscopic gluteus medius repair
- Endoscopic hamstring repair

Also included are peri-acetabular osteotomy, Birmingham hip resurfacing, and hip arthroplasty (direct anterior, posterior, and Mako robotic-assisted).

This highly specialized fellowship prepares trainees for a focused niche practice in Hip Preservation. Fellows with academic interests benefit from the strong research program, based in a collaborative, learning environment. The fellowship is ideally suited for trainees graduating from a sports medicine fellowship who wish to obtain further training in a second fellowship. However, application is also open to graduating residents. Salary up to $80,000 annually.

Application:

PLEASE SEND COVER LETTER, CV, AND THREE LETTERS OF RECOMMENDATION TO BENJAMIN G. DOMB, M.D.

FDA Medical Officer

The FDA's Center for Devices and Radiological Health is recruiting Orthopedic Surgeons to work in Silver Spring, Maryland as Medical Officers in the Division of Orthopedics Devices (DOD) evaluating cutting-edge orthopedic devices. As a Medical Officer, you will provide oral and written consultations for various types of regulatory submissions across a wide range device types related to fracture fixation, joint replacement and reconstruction and spinal disorders. Individuals play a significant role in clinical trial study design, clinical study data evaluation, and interact frequently with clinical investigators and representatives of regulated industry.

Applicants must possess a Doctor of Medicine or Doctor of Osteopathy from a school in the United States or Canada approved by a recognized accrediting body in the year of the applicant's graduation. A Doctor of Medicine or equivalent degree from a foreign medical school or a fifth pathway certificate for Americans who completed premedical education in the United States and graduate education in a foreign country will be considered.

Although this position does not involve direct patient care duties, candidates must possess and maintain a permanent and unrestricted license to practice medicine in a State, District of Columbia, the Commonwealth of Puerto Rico, or a territory of the United States. Orthopaedic board certification or eligibility (ABOS) is preferred. Candidates must relocate to the Washington, DC Metropolitan area. Starting salary ranges from $185,000-$199,000 per year (for those with board certification or eligibility) with an excellent benefits package.

Marshall Orthopaedics

Marshall Orthopaedics, a university-affiliated physician group, is currently seeking qualified candidates for an orthopaedic hand position within our department. This position, with a practice location at our academic medical center in Huntington, West Virginia, will provide for a practice that is primarily focused on the subspecialty of orthopaedic hand surgery.

Marshall Orthopaedics is an academic department affiliated with the Marshall University Joan C. Edwards School of Medicine. We support an orthopaedic residency and train 3 residents per year.

The department's hand/upper extremity division currently has two partners, Dr. Alan Koester and Dr. Steven Novotny. Due to rapidly increasing volume, we are recruiting a third orthopaedic hand surgeon to our department.

We offer an attractive, university employee-based benefits package that provides a very competitive compensation package, especially with respect to other academic medical centers. This position also offers the opportunity to be involved in resident and medical student educational activities and orthopaedic research activities.

About Marshall Orthopaedics - Marshall Orthopaedics is an academic-based physician group affiliated with Marshall University. Based out of Huntington, West Virginia, Marshall Orthopaedics has a network of clinical affiliations and provides patient care within offices in West Virginia, Kentucky and Ohio. Our physicians are fellowship-trained in the full spectrum of orthopaedic subspecialties. We support an orthopaedic residency and train 3 residents per year. For more information, please visit: www.muorthopaedics.com

BE/BC Orthopaedic Surgeons

The Centers for Advanced Orthopaedics, OrthoMaryland division is seeking Board Eligible and/or Board Certified Orthopaedic Surgeons with specialization in the following areas:
- Foot & Ankle
- Hand, Wrist & Elbow

Whether you are early in your career, or a seasoned orthopaedic surgeon interested in joining an independent team of physicians, we look forward to hearing from you.

Physician owned since 1925, OrthoMaryland is one of the oldest and most respected orthopaedic practices in the state. Our team consists of subspecialized Orthopaedic Surgeons, Physiatrists, as well as Physician Assistants. Our practice has three clinical locations in the Baltimore metropolitan area. Each facility has a full clinic, physical therapy gym, x-ray suites, and dispenses DME. Our surgeons perform procedures at three local hospitals, and our ASC. We support ER call at two of the local hospitals noted above. Visit www.orthomaryland.net to learn more.

OrthoMaryland is part of The Centers for Advanced Orthopaedics, the largest integrated group of orthopaedic surgeons in the Maryland-DC-Virginia region. We are more than 150 physicians united by a commitment to the highest standards in patient care.

Please submit your CV to Karrie Barbour at kbarbour@cfaortho.com for consideration.
