The Chicago Hip Preservation Fellowship
At the
American Hip Institute
2019–2020 and 2020–2021
Focusing on Hip Arthroscopy and Joint Preservation

Fellows will be trained in all aspects of hip preservation surgery, and will gain a unique foundation in complex hip arthroscopy. Training will focus heavily on minimally-invasive techniques for treatment of labral tears, FAI, subspine and ischiofemoral impingement, dysplasia, and microinstability.

Comprehensive surgical hip skills include:
- Arthroscopic complex labral repair
- Circumferential labral reconstruction
- 3D planning and correction of FAI
- Capsular plication and reconstruction
- Ligamentum teres reconstruction
- Osteochondral management (microfracture, subchondroplasty, osteoarticular allograft)
- Endoscopic gluteus medius repair
- Endoscopic hamstring repair

Also included are peri-acetabular osteotomy, Birmingham hip resurfacing, and hip arthroplasty (direct anterior, posterior, and Mako robotic-assisted).

This highly specialized fellowship prepares trainees for a focused niche practice in Hip Preservation. Fellows with academic interests benefit from the strong research program, based in a collaborative, learning environment. The fellowship is ideally suited for trainees graduating from a sports medicine fellowship who wish to obtain further training in a second fellowship. However, application is also open to graduating residents. Salary up to $80,000 annually.

Application:

PLEASE SEND COVER LETTER, CV, AND THREE LETTERS OF RECOMMENDATION TO BENJAMIN G. DOMB, M.D.

Fax CV and contact information to 718-850-3012, or email plskg1@gmail.com
Marshall Orthopaedics, a university-affiliated physician group, is currently seeking qualified candidates for an orthopaedic hand position within our department. This position, with a practice location at our academic medical center in Huntington, West Virginia, will provide for a practice that is primarily focused on the subspecialty of orthopaedic hand surgery.

Marshall Orthopaedics is an academic department affiliated with the Marshall University Joan C. Edwards School of Medicine. We support an orthopaedic residency and train 3 residents per year.

The department’s hand/upper extremity division currently has two partners, Dr. Alan Koester and Dr. Steven Novotny. Due to rapidly increasing volume, we are recruiting a third orthopaedic hand surgeon to our department.

We offer an attractive, university employee-based benefits package that provides a very competitive compensation package, especially with respect to other academic medical centers. This position also offers the opportunity to be involved in resident and medical student educational activities and orthopaedic research activities.

About Marshall Orthopaedics - Marshall Orthopaedics is an academic-based physician group affiliated with Marshall University. Based out of Huntington, West Virginia, Marshall Orthopaedics has a network of clinical affiliations and provides patient care within offices in West Virginia, Kentucky, and Ohio. Our physicians are fellowship-trained in the full spectrum of orthopaedic subspecialties. We support an orthopaedic residency and train 3 residents per year. For more information, please visit: www.muorthopaedics.com
