

FREQUENTLY ASKED QUESTIONS ABOUT PAPER/POSTER ABSTRACT SUBMISSION:

1. What is the deadline to submit?

The deadline to submit is Thursday, June 1st at 5PM CST. There will be a 30 day grace period after June 1st should you need to contact your co-authors regarding disclosure. This grace period applies only to disclosure. During this time you cannot make any changes to your abstract.

2. Can the abstract have been presented or published elsewhere prior to submitting to AAOS?

No. Abstracts that have been presented or published at previous meetings or journals will not be considered for presentation. If the abstract has been submitted elsewhere but not yet published or presented it is acceptable.

No. Anyone can submit an abstract. However, at least 1 author listed must be an orthopaedic surgeon or foreign equivalent.

4. Does the AAOS accept late breaking abstracts?

No the Academy does not allow late breaking abstracts.

5. I tried to submit an abstract, but have not received a confirmation email that it is complete. How do I know if it is complete?

Once you have completed all of the necessary steps and all authors have disclosed you will receive an email message stating that your submission is complete. You can search for your co-authors disclosure by going to www.aaos.org/disclosure

6. Where do I go to revise my abstract?

Go to www.aaos.org/abstracts Login and click on the title of your presentation. Changes can be made until June 1st (5PM CST). Please note, any additions to your co-authors may change your abstract status from “complete” to “incomplete” if the additional author has not updated his/her disclosure.

7. I keep getting an error that says my abstract is too many characters and it won't fit in the text boxes provided. Why am I getting this error?

The maximum number of characters in an abstract is 5250. Spaces do not count as characters. This is more than enough room to submit a 250-word abstract even with symbols included. **Please note:** For each graphic and table you insert 300 characters will be removed from the total number of characters available.

8. What is a Study Group?

A study group is a group of participants that consists of 10 or more individuals. If your application has 9 or fewer participants it is not considered a study group. If you have additional authors, not included in the study group, you may list up to 8 additional authors who are not part of the study group.

9. What is the maximum amount of co-authors on an abstract?

The abstract must have one presenter and can have a maximum of 8 co-authors (9 total).

12. Once my abstract is accepted, how do I make changes to it or change the presenter?
