

AAOS/OTA Daily Dilemmas in Trauma: Your Topics, Expert Solutions

April 19 – 21, 2018 • Baltimore, MD
Renaissance Baltimore Harborplace Hotel

Paul Tornetta III, MD
Course Director

J. Tracy Watson, MD
Course Director

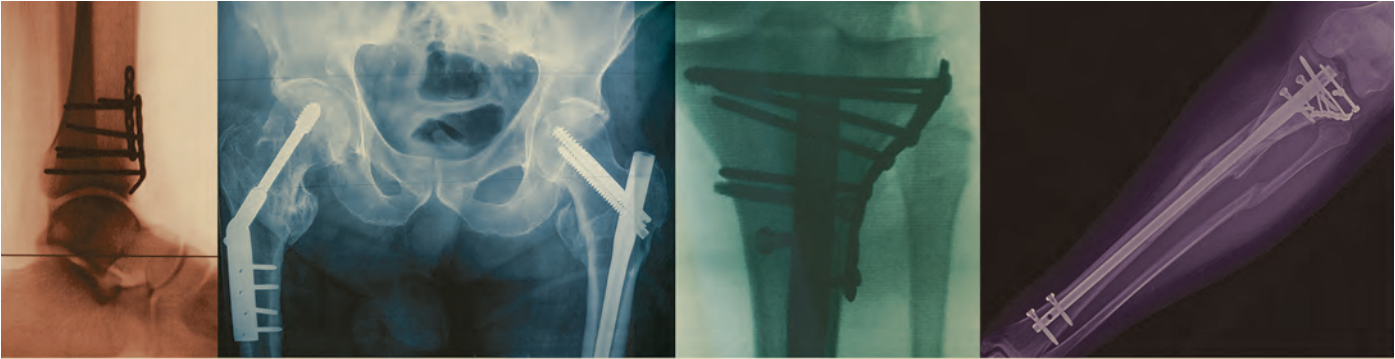

You pick the topics. We bring the expertise.

This unique course, designed specifically **by you for you**, delivers the trauma updates and the operative and nonoperative fracture treatment knowledge you need to stay current. Faculty share the latest treatment options and current knowledge in trauma care, including indications and techniques for managing uncommon fractures.

You and your fellow course attendees guide the content by selecting your preferred course topics in advance. Based on the outcomes, faculty create a custom experience through debates, case reviews, small group discussions, and surgical videos to cover the highest selected topics you identified!

Register at aaos.org/3339 or call **1-800-626-6726**

“I will change the ways in which I evaluate trauma patients and think of different ways to approach the treatment of trauma patients.”

– Past AAOS/OTA Trauma Course Attendee

Round out your skill set and improve critical thinking in areas you identify to gain up-to-date knowledge and valuable skills to improve both patient trauma care and practice performance.

Who should attend?

Accreditation Statement

The American Academy of Orthopaedic Surgeons is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education (CME) for physicians.

AMA Credit Designation Statement

AAOS designates this live activity for a specific number of **AMA PRA Category 1 Credit(s)[™]**. Physicians should claim only the credits commensurate with the extent of their participation in the activity.

The Academy would like to thank the **Orthopaedic Trauma Association** for the many contributions made by its members in the presentation of this program. The Academy and orthopaedic specialty societies work together to provide orthopaedic surgeons with the highest quality educational programs and publications. This cooperative spirit among colleague organizations is an important resource and valuable asset for the orthopaedic community.
