AAOS/ASES
Massive Rotator Cuff Tears: Techniques to Master for the Next Decade
May 1 – 2, 2020
OLC Education & Conference Center, Rosemont, IL

Joaquin Sanchez-Sotelo, MD, PhD, FAAOS
Thomas R. Duquin, MD, FAAOS
Course Directors

Registration Fees – Register by March 2 for Early Bird Savings

Add the course recording for only $199!
Supplement your notes, hear it all again for improved retention, and earn 8 additional CME!

How to Register
1. Online at aaos.org/RotatorCuff2020
2. Call AAOS Customer Service at 1-800-626-6726 from 8:00 am to 5:00 pm CT. Outside U.S. dial +1-847-823-7186.
3. Download registration form at aaos.org/RotatorCuff2020 Mail the completed form to AAOS, 9400 W. Higgins Rd., Rosemont, IL 60018. Or fax to 1-800-823-8025. Outside U.S. fax to +1-847-823-8125.

Hotel
Hampton Inn & Suites
9480 W. Higgins Road
Rosemont, IL 60018
Phone: 1-847-692-3000

The Hampton Inn offers the following amenities: free shuttle service to and from O’Hare airport, complimentary hot breakfast, free Wi-Fi, swimming pool, exercise room, and a business center.

Accreditation
The American Academy of Orthopaedic Surgeons is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education (CME) for physicians.

AMA Credit Designation
AAOS designates this live activity for a maximum of 12 AMA PRA Category 1 Credits™. Physicians should claim only the credits commensurate with the extent of their participation in the activity.

Obtaining CME Credit
Course participants must complete and submit an online evaluation form to receive CME credit.
New Decade. Advanced Solutions.
Optimize your surgical skills and learn new techniques for massive rotator cuff tears

Top shoulder surgeons guide you through contemporary surgical techniques, including complex cuff repair, patch augmentation, SCR, tendon transfers and RSA. Advance your strategies to build and implement the right action plan for your patients.

Learn – Watch – Analyze – Practice
Familiarize yourself with new equipment and approaches through a dynamic course format:
1. Learn techniques through lectures and case discussions
2. Watch pre-recorded demonstration videos with commentary
3. Analyze your options with lively faculty debates and panels
4. Practice surgical skills in a state-of-the-art cadaver lab

Look forward to:
- Performing numerous procedures using cutting-edge instruments and devices
- Going beyond the procedures, covering rehabilitation, complications, value, and practice management
- Networking with peers and faculty

FRIDAY, MAY 1
Morning 7:00 am – 12:00 pm

"Best course I have ever attended! Awesome faculty and mix of relevant lectures and lab time." – Past Course Participant

"Thanks to this course, I have better insight into decision making and more confidence performing up-to-date techniques." – Past Course Participant

Register at aaos.org/RotatorCuff2020 or call AAOS Customer Service at 800.626.6726
FRIDAY, MAY 1
Morning 7:00 am – 12:00 pm

ROTATOR CUFF REPAIR

Lecture
How to Determine if a Cuff Tear is Functionally Repairable

Pre-Recorded Demonstration Videos
- Posterosuperior Cuff Tear Repair
- Upper-Third Subscapularis Tear: Intraarticular Repair
- Large Subscapularis Tear: Subacromial Repair

Lecture
Biologic Augmentation of Rotator Cuff Repairs

Q&A Discussion

Debates
Biceps Tenotomy and Tenodesis: When and How
Single Row vs. Double Row

Case-Based Discussion

HANDS-ON SURGICAL SKILLS LAB #1

Upper-Third Subscapularis Repair Intraarticular
Posterosuperior Cuff Repair
Large Subscapularis Repair
Suprascapular Nerve Decompression
Patch Augmentation
Biceps Tenodesis

Lunch Provided 12:00 pm – 1:00 pm

Afternoon 1:00 pm – 5:00 pm

SALVAGE PROCEDURES

Pre-Recorded Demonstration Video: Superior Capsular Reconstruction

Lectures
Outcomes of Superior Capsular Reconstruction: What to Expect
Balloon Tendon Transfers for FIRC

Pre-Recorded Demonstration Videos
- Arthroscopically-Assisted Lower Trapezius Transfer
- Arthroscopically-Assisted Latissimus Transfer

Case-Based Discussion

HANDS-ON SURGICAL SKILLS LAB #2

Superior Capsular Reconstruction
Tendon Transfers

SATURDAY, MAY 2
Morning 7:00 am – 12:00 pm

REVERSE SHOULDER ARTHROPLASTY

Pre-Recorded Demonstration Video: Surgical Exposure

Debates
Reverse Shoulder Arthroplasty Design
- Grammont Style
- Lateralized Glenosphere
- Lateralized Humerus

Glenoid Bone Loss Management
- Ream and Large Sphere and Alternative Scapular Spine Centerline
- Bone Grafting
- Metal Augments

Case-Based Discussion

Lecture
Tendon Transfers in RSA: Indications and Outcomes

Pre-Recorded Demonstration Video: Latissimus Dorsi Transfer and RSA for CLEER

COMPLICATIONS

Panel
Postoperative Rehabilitation and Pain Management in Cuff Repair and Salvage Procedures

Lectures
Failed Rotator Cuff Repair
Stiffness After Rotator Cuff Repair
Infection After Soft-Tissue Procedures

Discussion

Lectures
Dislocated Reverse
Infected Reverse

Discussion

HANDS-ON SURGICAL SKILLS LAB #3

Reverse Shoulder Arthroplasty
Tendon Transfers in RSA
